The network always wins?! 

Jan Beeckmans, General Director, University Hospital UZ Brussel
Strengths:

- Quality
- Accessibility
- Reasonable cost
Weaknesses:

- Overcapacity of beds and heavy equipment
- Fee for service instead of fee per patient (overconsumption of medical services)
- Differences in quality of care
- Lack of integrated patient trajectory.
Fragmentation of health policy

• Federal government
• Regions:
  - Flemish region
  - Walloon region
  - Brussels Capital region
• Communities:
  - Dutch-speaking community
  - French-speaking community
  - German-speaking community
Renewed hospital policy

• Hospital networks
• Financing: fixed fee per patient for low-risk care
Moderator - Jan Beeckmans, General Director, University Hospital UZ Brussel

Speaker 1 - Director General Hospitals at Zorgnet-Icuro, Belgium
How do Belgian hospitals make the transition to a new organization model?

Speaker 2 – Renaud Mazy, CEO, University Hospital Saint-Luc, Brussels
Saint-Luc Transformation: Impacted by Belgian Network Regulation?

Speaker 3 - Marc Noppen, CEO, University Hospital UZ Brussel
