

IHF CEO CIRCLE

The exclusive network for healthcare executives

The CEO Circle is an exclusive platform where senior healthcare leaders can share knowledge and best practices, engage in discussion, network, and address challenges with their peers across the world.

It provides a unique continuing learning experience, thanks to educational events and access to exclusive resources and leading-edge.

Members of the Circle have access to the most significant international arena for feedback and reporting healthcare outcomes. This confidential platform provides unique networking opportunities with world-renowned healthcare leaders.

WHO CAN JOIN

The CEO Circle is open to CEOs and healthcare leaders of IHF member hospitals and healthcare organizations at no additional cost.

HOW IT WORKS

Members of the Circle can meet virtually on the IHF Exchange Platform. The IHF World Hospital Congress provides opportunities for face-to-face meetings.

OUR VALUES

Members of the Circle embrace the values of trust and sharing, honesty and integrity, exclusivity and continuing improvement.

THE CHATHAM HOUSE RULE

The Circle is a confidential network. Issues, trends and outcomes discussed within this Circle will be shared with the IHF Community anonymously.

2016 Global Collaborative

The greatest challenges faced by hospital CEOs

We have created a networking collaborative for sharing best practices and finding solutions to common challenges CEOs have to face.

More than 60 CEOs from 22 Countries participated in the online survey to investigate the greatest challenges faced by CEOs of hospitals and healthcare facilities. Follow up phone interviews are still ongoing.

Outcomes of this work will be presented during the 40th IHF World Hospital Congress and published in a White Paper.

How to be successful

CEOs need to formulate a clear vision of the organization, foster a culture of success and break down silos within clinical activities.

How to face the challenges of running a healthcare organization

CEOs are seeking training to help build effective teams, manage knowledge and engage in strategic planning.

How to find fulfillment as a leader

CEOs should feel that they make a difference in the quality of care and have a positive impact on both the community and the institution.
