Become a Member of the IHF
Make a difference in the healthcare world

In a world where healthcare expenditure accounts for approximately 10% of the global GDP and hospitals and healthcare organizations are the largest employers in this sector, joining an organisation can be a strategic business decision. Joining the right one can make a real difference in the world.

Being an active member of an international organization representing local healthcare providers is very important because the international stage is where the global policies are decided. The IHF plays a role in voicing the opinion of the healthcare delivery organizations and shaping global trends in healthcare.

By joining the International Hospital Federation, you will actively help make the international healthcare community's voice heard louder in the decision-making process.

We offer a neutral international setting where different healthcare stakeholders can broaden, share, and disseminate knowledge while expanding and consolidating their network.

IHF Membership opens doors to a community of like-minded leaders and professionals, who join forces to deliver efficient and sustainable healthcare worldwide. You will have the opportunity to meet kindred spirits who share values, such as universal, high-quality, patient-centred healthcare, equity and solidarity, evidence-based treatments, dignity and respect, excellence and professionalism.

Privileges of IHF Members

Joining the IHF means that you can help make a difference in the world while enjoying a variety of privileges. IHF members can:

IHF Membership opens doors to a community of like-minded leaders and professionals, who join forces to deliver efficient and sustainable healthcare worldwide

Joining an organization is more than just a strategic business decision. It can make a real difference in the world.

You will be enjoying a membership experience that is both engaging and highly rewarding.

Eight good reasons to join the International Hospital Federation

As a member of the IHF, you will:

1. Be part of a synergistic group of people who support and help each other achieve their goals and share your interest in improving the global healthcare delivery and management system at all levels
2. Gain access to best practices, policies, and measures implemented by existing members, which will help achieve performance results faster and more cost-effectively
3. Broaden your knowledge through our continuing education events and programmes, interaction with other members, and peer-review
4. Be always up-to-date with the latest developments and innovations in the healthcare industry
5. Expand your network at all levels with other healthcare organizations and corporate partners, making valuable contacts and building strategic alliances
6. Get involved in international activities and collective evidence-based projects run by other members and the IHF Secretariat
7. Subscribe for free to our academic publications and enjoy access to exclusive members-only resources, as well as reduced fees for all our events
8. Be in direct and regular contact with our Secretariat for personalised response and support

We offer two types of membership:

1

Full Membership
